Welome to Ames Performance Engineering

We want to thank you for requesting our newest Full Size & Grand Prix catalog.

Ames Performance Engineering sells *only* Pontiac parts and is in its twenty-fourth year of supplying enthusiasts worldwide. During this time we have established a reputation among our customers for prompt service and the finest quality available. This attention to quality is especially evident in our reproduction items, many more of which are now being made in our own shop. As in the past we will critique our products in order to inform our customers of the quality of each reproduction.

Both phone and mailorders will be processed and shipped within 24 hours, except during shows or in backorder situations. During 1999 our large in-house inventory allowed us to ship 93% of all orders within that deadline.

Therefore, if an order is called in to us by 10 a.m. Monday, it should be in your hands by Tuesday if you live in eastern New York and New England (except Northern Maine). You'll have it Wednesday in New Jersey, Eastern New York and parts of Delaware and Maryland. On Thursday your order should be delivered to most of North Carolina, Virginia, West Virginia, Ohio and Western New York. All other continental sections of the country should receive their orders by Friday or the following Monday. (The above service is dependent on typical UPS shipping schedules.)

In order to make this catalog as helpful as possible, we have divided it into the following nineteen sections:

1. INTERIOR	7. CONVERTIBLE TOP	14. TRANSMISSION, CLUTCH,
2. FRONT END TRIM	8. REAR 1/4 TRIM	& BRAKE
3. FRONT FENDER TRIM	9. TRUNK COMPONENTS	15. SUSPENSION
4. HOOD COMPONENTS	10. REAR END TRIM	16. WHEELS & TIRES
5. DOOR COMPONENTS	11. ELECTRICAL RELATED	17. MISCELLANEOUS
6. WINDSHIELD & REAR	12. ENGINE COMPONENTS	18. LITERATURE
WINDOW RELATED	13. ENGINE COMPARTMENT	19. DECALS

All parts in this catalog are sold with a satisfaction guaranteed policy. Please examine your order immediately. All shortages, incorrect items, and damages should be reported as soon as possible. To return an item to us, please contact us for instructions. If Ames is responsible for the incorrect shipment we will reimburse the customer for his return shipping charges (under no circumstances will Ames pay for additional charges incurred by using packaging services, air shipping or accept COD shipments). For your protection, send the package by UPS or insured Parcel Post, saving the receipt until you hear from us. If the package was damaged in shipment, save the merchandise and packaging. Notify the carrier immediately for instructions.

We will maintain the prices in this catalog as long as possible. However, we reserve the right to make price changes whenever necessary. Prices charged shall be those prevailing at time of shipment. Items may be discontinued at any time.

Parts may be ordered by calling our Toll-Free ORDER LINE 800-421-AMES (2637). Please tell us which catalog you are using, your customer number from your catalog mailing label, the part numbers, and a brief description of the items desired. Parts may also be ordered by mailing or faxing the order blank located toward the rear of this catalog.

Methods of payment: We accept VISA, MasterCard, Discover, and moneyorders. (Personal and company checks are also accepted for mail orders only. However, we reserve the right to hold large personal checks for proper clearance.) We also offer COD shipping (Note: **Certified Check or Money Orders**); COD charges are \$5.00 additional per box. Note: We cannot ship COD orders by air. When using credit cards be sure to give complete card number and expiration date on each order. **Minimum order is \$10.** Note: We cannot accept credit cards at flea markets.

WHY CHOOSE AMES PERFORMANCE?

* PRICES: Always fair * CATALOGS: Always free

* QUALITY: Twenty-three years of the finest! Disregard those "Us vs them" ads since we

have always tested and chosen the best products.

* BACK ORDERS: Lowest rate in the industry.

* INVENTORY: Nation's largest - we couldn't supply a 98.6% order fill rate without it.

* SHIPPING: Same day with no additional charges.

* SHIPPING Low - plus we only charge an additional amount for each overweight or oversized

CHARGES: UPS item, as noted under each item. Beware of some graduated shipping

scales—as an example, a \$300 order without oversized items can cost between \$17 and \$20. Our charge is \$6.50 no matter how large your order of non-over

sized products.

* PRODUCTS: We have over 300 Pontiac products manufactured and distributed throughout

the industry (these are denoted with an (APE) in our catalog.) It is best to purchase products from manufacturers when possible since customer satisfaction is our

responsibility.

* SHOW We make the commitment to talk to customers and display our products on the

PARTICIPATION: road.

* SPECIALISTS: We sell Pontiac only - one company cannot expect to be efficient and knowledge-

able in several car lines.

* EXPERTISE: Extensive Pontiac technical knowledge as well as many Pontiacs on site for

immediate research. We have twice as many Pontiac tech-advisers as any other

supplier in the country.

* LONGEVITY: We've been in business since 1976.
* SERVICE: We've built this company on service.

* REPUTATION: Unparalleled excellence in the industry.

Best Quality, Best Service, and Best Prices are never found with the same supplier except at Ames Performance.

SAVE UP TO 10% ON PREPAID ORDERS!

Save 3% on mail or phone orders over \$500.00 with MC, VISA or Discover. Save 5% on mail orders over \$500.00 with cashier's check or money order. Save 8% on mail or phone orders over \$1000.00 with MC, VISA or Discover. Save 10% on mail orders over \$1000.00 with cashier's check or money order. NOTE: Discounts do not apply to shipping charges or specially marked items. Also, discount applies on individual order only.

LOW MILEAGE

WANTED

LOW PRODUCTION

We continue to add Pontiac muscle cars to our collection. If you have or know of a very low mileage original car or low production in any condition please call 800-421-2637. Finder's Fee Paid

IMPORTANT NOTE:

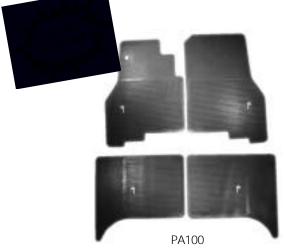

This catalog covers all full-size Pontiac models from 1955-76 and Grand Prix up to 1977. In 1969 Pontiac changed the Grand Prix from the full-size "B" body to the intermediate size "G" body. To avoid confusion for the years 1969-1977, we will use "ALL" after the part description if the part fits both Grand Prix and full-size. If a part only fits full-size models then "FS" will follow the part description. If a part only fits Grand Prix, then "GP" will follow the part description. Please note this when ordering.

SECTION ONE-INTERIORS

ACCESSORY MATS

Note 2: As with any large rubber product, small air pockets or blemishes may be present.

Please add \$7.00 shipping for PA100.

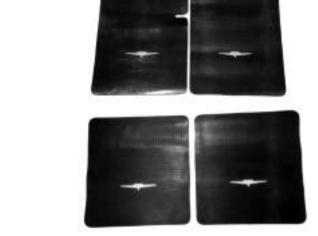

PA100 1956-57 Accessory Mats (RE).....\$169.00/set

Note: Since these mats are the same shape as originals, the rears must be cut for different body styles. This same procedure was used by GM so please specify what body style you have when ordering.

Comments: This project has been well-received by many collectors of mid-fifties Pontiacs. These original-style mats have always been extremely scarce and in some cases ridiculously expensive. These mats are molded using exactly the same design and shape as original. They are manufactured using solid colored materials of black, blue, and red, and have proved to be extremely durable and faderesistant. They are excellent for everyday use.

Note 1: Although not originally available for 1949-'55 Pontiacs, these mats add a finishing touch for those same models.

PA100E **PA100E** 1958 Accessory Mats (RE)\$169.00/set

These original-style mats are available in solid material of black, blue, and red.

Please refer to comments under PA100 for further information about this product.

Please add \$7.00 shipping for PA100E.

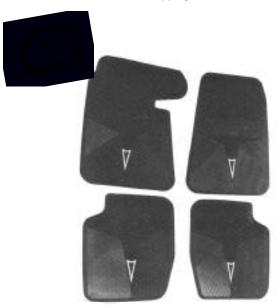

PA100K

PA100K 1961-63 Accessory Mats (RE).....\$169.00/set

These original-style mats are available in solid material of black, blue, and red.

Please refer to comments under PA100 for further information about this product.

Please add \$7.00 shipping for PA100K.

PA101	

PA102	1964-70 Accessory Mats-FS (RE)	99.00/set 99.00/set
PA102	1969-72 Accessory Mats-GP (RE)	99.00/set
PA120	1964-70 Front Accessory Mats-FS—Black Only (RE)	65.00/pr.
	1971-72 Front Accessory Mats-FS—Black Only (RE)	65.00/pr.
	1969-72 Front Accessory Mats-GP—Black Only (RE)	65.00/pr.
PA123	1964-72 Rear Accessory Mats-ALL—Black Only (RE)	60.00/pr.

Comments: Very good—one of our most popular reproductions, these accessory floor mats are molded using exactly the same design and shape as original.

Colors and Ordering Information: For the past eleven years, these mats have only been available in black. We now have supplies of blue, and red material. Please add \$10.00 for blue and red mat sets. Colored mats available in full sets only.

PA102

Important Note: Our mats are now manufactured using an insert for the Pontiac crest. Black, blue, and red mats are now practically indestructible.

Note: As with any large rubber product, small air pockets or blemishes may be present.

Since the rear mats have the same shape as original, they must be cut for bucket seat applications. This procedure was used by GM from 1964-72. Instructions are included.

CARPET SETS

The following carpet sets are available at this time. In the future as correct materials become available, we will add to this list.

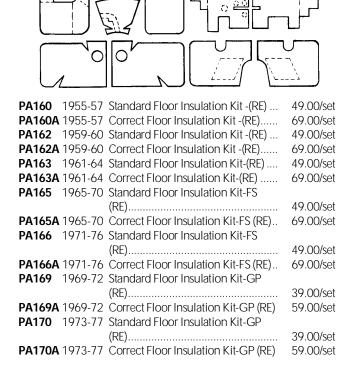

Important: Please specify model, body style, number of doors, with or without bucket seats

	mission, color des saddle, g	onsole, manual or automatic trans- with or without Power Brakes, and ired. If you are interested in blue, red, reen or gold carpets, we suggest you		
	request samples for color match.

		EL COD INICI II ATIONI		

FLOOR INSULATION

These sets replace the floor insulation under the carpet. Many times upon replacing the carpet you will find the original material cracked and useless.

Comments: The standard kits are made from a material very similar to the original tar paper type. They are manufactured in smaller dovetailed pieces than the factory's because of shipping problems. Correct floor insulation kits are made of an exact reproduction of the original paper-backed material.

Please add \$7.00 for shipping.

Note: For new door sill plates see PF640 - PF655L.

BUCKET SEAT BACK PANELS

PA174BJ

1968 Bucket Seat Back Panels, Black

		(RE)	\$ 65.00/pr.
PA174BD	1968	Bucket Seat Back Panels, Colors	
		(RE)	75.00/pr.
		r 69-71 bucket seat interiors with a r seat recliner use PA174B panels.	
PA174BJ	1969-	72 Bucket Seat Back Panels,	

These are the plastic panels that make up the back of your bucket seats. Originals often are scratched or have disintegrated with age (many times producing a fine white powder).

These new reproduction panels are much better than those previously available.
They now have the correct simulated vinyl grain and correct gloss.

The '68 panels come complete with chrome piping and piping caps, the 69-72 panels come with chrome piping and correct molded ends on the panels.

		PB1/4BL	
PA174BL	1968-72	Lower Side Seat Panel,

INSIDE MIRRORS AND COMPONENTS

PA380 1955-57 Inside Rearview Mirror

This is meant as a replacement for the non-tilt standard mirror.

PA381 1955-57 Inside Rearview Mirror - Non-Glare

PA382

PA382 1957-64 Inside Rearview Mirror - Tilt (RE)

Note: 1964 was a transition year for the tilt

knob. This mirror has the black tab with day/night printed on it.

NEW

PA383

PA383 Late 1961-66 Inside Rearview Mirror

Non-Tilt (RE).....

384 1964-66 Inside Rearview Mirror -Tilt (RE).....

This mirror utilizes the chrome triangular tab to change the tilt.

PA385A

Finally an exact reproduction of the original stainless steel tilt mirror.

Note 1: 1967 models had two knob designs. Both the triangular knob and this lever style were used on these cars.

Note 2: Due to current anti-glare legislation this original style mirror is not sold for street use but for shows, exhibitions, etc.

This 12" stainless steel mirror exhibits the same excellent quality as the '67-'68 mirror described above.

Note 1: Most 1969 models had mirrors that were color coded to the interior. The gray plastic surround on this reproduction easily accepts vinyl spray for that finishing touch.

Note 2: Due to current anti-glare legislation this original style mirror is not sold for street use but for shows, exhibitions, etc.

PA388 has a black back.

This is the piece that surrounds the 8-track on '67-'68 full size consoles.

Note: The "Select," "Volume," "Tone" and "Balance" print is not available. These inserts will be blank.

PA437A 1976 Vinyl Console Door Insert - GP (RE) \$ 8.00/ea.

VINYL CONSOLE INSERTS

The following console inserts are available in two designs. Catalina, 2+2, Ventura, and Executive use vinyl walnut wood grain inserts while Bonneville and GP use elm burl grain inserts. At time of printing the elm-burl material is not available. We are in the process of looking for a new manufacturer. Please check in on the status of this project.

Note 1:	Save money by purchasing vinyl dash	

Note 1: Save money by purchasing vinyl dash and console inserts together.

Note 2: We are able to offer vinyl wood grained dash and console inserts with a new material that is far superior to that which was offered serveral years ago. This material will not shrink and it also has an adhesive backing for ease of installation.

DASH COMPONENTS

PA446D

PA446D 1969-72 Switch Retainer Clip (A-body) (RE) .. \$ 4.00/ea.

This clip was used to hold the following switches in the dash: 1969 Power antenna switch; 1969-71 Convertible top switch; 1969-71 S.W. rear power window switch; 1969-72 Defogger switch; 1969 Rear speaker reverb switch; and 1969-70 Power flow vent motor switch.

Please add \$8.50 shipping for Package Trays.

These trays fit between the rear seat and the rear window and are ready for installation. They are die-cut and 1959-up models come with a vinyl strip and foam rubber padding.

When ordering, specify year, model, body style, and color desired.

Colors available: Black, red, med. blue, dk. blue, aqua, green, brown, saddle, tan, gold, and maroon.

Jute padding is the insulation that goes between the package tray and body bracing. Usually original jute is rotten causing unnecessary noise and chatter.

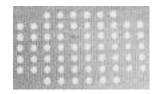

Please specify in your order if you would like jute padding. It is available for an additional \$10.00.

GM used two styles of package trays in these full-sized automobiles. The cardboard style has a stippled appearance without a covering. The mesh package tray uses cardboard covered with a coarse mesh material. The mesh tray gives your interior a more luxurious appearance and comes with hidden rear speaker holes.

Comments: Both types of package trays are of excellent quality.

Please inquire concerning the status of 1973up package trays. New patterns are constantly becoming available.

These trays will be molded ABS panels with embossed leatherette grain and jute backing. These package trays are made from original molded style cardboard trays, and will be ready to install. They will be black and can be painted to match your interior color. Many originals are cracked or deteriorated by the sun. This should be an excellent reproduction.

Note: Please add \$8.50 additional shipping for PA485.

TRIM ADHESIVE

HEADLINERS

Perforated

Star Pattern

If you do not see your particular headliner listed, please call because we can virtually make all headliners from 1955-77 including station wagons. There are just too many different listings to show all. Please inquire on price and availability.

Note: When ordering your headliner please specify year, body style #, model, color, and type fabric. Pontiac used many different headlining materials. We have many of these patterns and colors available. Please inquire. Because of the large number of different headliners used, we will not have most of them in stock. Please allow 3-5 weeks additional shipping time.

Note: We recently purchased NOS material and can now provide '57 and '58 random raised star and pyramid pattern in several original colors

	Most hea	adliners come complete with "ear	

Most headliners come complete with "ear muffs" (cardboard-covered sections behind the 1/4 window) and enough material to cover sunvisors. The star pattern material is an exact match to original and is considered an excellent reproduction. The perforated material is extremely close to original for '65 up interiors. *Colors*: Star pattern comes in black, white, silver, It. blue, med. blue, agua and red.

Perforated pattern comes in black, white, sandalwood, buckskin, red, maroon, green and blue. Samples available on request.

Other materials are available in various original colors. Samples available on request.

HEADLINER SOUND DEADENER

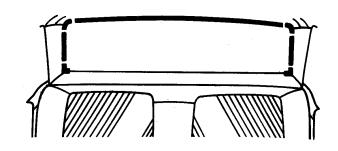

PA545J 1955-77 Headliner Sound Deadener (RP)

This is the material glued to the roof and used as an insulation and sound deadener. These are not reproductions of the original, but a lighter material that works equally well.

DASH PADS

PA918

Dash Pad, Nylon Attaching Inserts (GM) .. \$1.00/ea.

PA920 1957

PA920 Dash Pad (Black) - Paint to Match

PA921 1958

Dash Pad (Black) - Paint to Match

(RE).....\$449.00/ea.

Made from OEM thermo-form dash vinyl and molded closed cell high density polyethylene foam, these pads are an excellent reproduction. The '57 is made with studs along the bottom edge and a Haircell grain texture very close to original. The '58 has the factory original Seville grain texture. Both are unconditionally guaranteed against defects in workmanship and cracking for as long as you own your car. These pads are available in black (paint to match) and are drop-shipped directly from manufacturer. Please allow 4-6 weeks for delivery.

Please add \$10.00 additional shipping for dash pads.

TALK ABOUT FAST SERVICE!

Many people talk about fast service but Ames Performs fast service. Between 93% and 94% of all orders were shipped within 24 hours during 1994.

For ordering or price quotations, please call (800) 421-2637. For questions or ordering, call (603) 876-3345 (603) 876-4656 (603) 876-4751

PD131 1969-70 Hood Emblem Bezel - GP (APE)...... PD132 1969-70 Hood Emblem and Bezel - GP (APE)...

> Note: Save money on both PD130 and PD131 by purchasing them as a set.

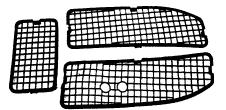

> Comments: The 1969-70 Grand Prix hood emblem and bezel are both excellent reproductions.

COWL SCREENS & GRILLES

PD149

PD149 1969 Cowl Screen (GP) (RE) \$19.00/ea. PD149 is made from the correct wire mesh.

PD150

PD150 1970-72 Cowl Grille, 3 Pc. - (GP) (RE)

Note: These reproductions are made to replace your old broken or missing grilles. Cowl grilles are molded from a heat resistant material to resist distortion. These grilles are used on cars with or without air conditioning.

BUMPERS & SEALS

PD200A PD200 1955-63 Hood Bumper Cap - Front or Rear... 2.00/ea. Note: PD200 is the rubber cap only. **PD200A** 1955-63 Hood Bumper Stud (RE)..... 3.00/ea **PD200B** 1955-63 Hood Bumper Assembly (RE) 4.00/ea.

PD200B consists of PD200 and PD200A.

PD204 PD205 PD206 PD205 1964-65 Hood Bumper w/Stud - Front Adjustable (GM)..... 3.00/ea. PD204 1966-77 Hood Bumper Cap - Front Adjustable (RE)..... 2.00/ea. This is an exact reproduction of the coneshaped cap used on the front adjustable bumper for these years. You must reuse the original stud and nut. PD206 is an exact re-

production utilizing the rubber cap w/the stud. PD206 1966-77 Hood Bumper w/Stud - Front

Adjustable (RE)..... 3.00/ea.

18.00/ea.

18.00/ea.

PD343A Late 1969-72	

Hood Tach - 5500 Redline - GP (RE).....

PD342 and PD342A have steel blue faces while PD343 and PD343A have black faces. 5100 redline is original; however, we offer a 5500 redline for those performance minded enthusiasts. (Factory harnesses cannot be used with these tachs.) These tachs come complete with wiring harnesses and a 2-year warranty.

Note: Before painting, lightly sand the primer on these tachs. Under no circumstances should the primer be removed.

Comments: Very good. Externally all units are now made to exact factory two-piece specifications. Tach wiring harnesses are available separately in Section Eleven.

MIRRORS PADS BRACKETS

PF258 1955-56 Outside Rearview Mirror Pad (RE)... 3.00/ea.

PF258J	1957-58	Outside Rearview Mirror (RE)	145.00/ea.
PF260	1959-60	Outside Rearview Mirror Pad (RE)	6.00/ea.
PF260B	1961-62	Outside Rearview Mirror Pad	
		(Std. mirror) (RE)	6.00/ea.
PF261J	1961-64	Outside Rearview Mirror Pad	
		(Remote) (RE)	5.00/ea.

PF269J 1964-66 Outside Rearview Mirror w/Pad, Bracket & Screws (R or L) Std. (APE) \$ 42.00/ea.

For years we have been dissatisfied with the quality of GM's replacement mirror for the early Pontiacs. Besides having incorrect dimensions, the assemblies are loose and exhibit poor quality.

We have now produced an exact high quality reproduction of the original 1964-66 mirror part number 9770283. In-house durability and testing has proven the quality of these mirrors to be far better than that of the mirrors GM now supplies.

PF269K

PF269K 1964-66 Outside Rearview Mirror Pad (APE). 3.00/ea.

Note: This is the pad that comes with PF269J. If you are ordering a pad for an existing mirror on your car, check the casting number under the base. The original '64-'66 mirrors should have a base casting number of 1164573. Replacement mirrors should have base casting numbers of 15-1548 or 61076 (for these applications use PF270A).

PF270 1967-68 Outside Rearview Mirror w/Pad, Bracket & Screws (R or L) Std. (APE) 42.00/ea.

NEW Z

As discussed under PF269J, GM's inability to produce a quality mirror forced us to manufacture our own product.

Comments: PF270 is an exact reproduction of the 67-68 mirror - part number 9787901.

Note: GM mirrors are available upon request price as of February '98 is 54.50/ea. Hardware is not included with GM mirrors.

PF270A 1967-68 Outside Rearview Mirror Pad (APE). 3.00/ea. This is the pad that comes with PF270. If you are ordering this pad for an existing mirror check to see that the base casting numbers are either 15-1548 or 61076.

ROCKER PANEL MOLDING & CLIPS

PF680

PF680 1957 Rocker Panel Moldings

- Bonneville and Star Chief (APE)..... 169.00/pr.

See PF714 & PF714A for clips.

PF680A 1957 Rocker Panel Molding - Safari (APE) 169.00/pr.

Comments: Excellent.

Many customers have used these Safari moldings to dress up their Chieftain bodies. Although not original equipment they look excellent.

See PF714 and PF714A for clips.

PF681 PF681 Rocker Panel Moldings

- Bonneville (APE) 199.00/pr.

Comments: Excellent.

See PF715 and PF715A for clips.

Note: Both stainless steel and anodized aluminum rocker panel moldings were used on 1969-72 GPs. Please be sure to check your original molding material or call for information.

See PF745 & PF745B for clips.

Please add \$8.50 shipping for rocker panel moldings.

		PF / 14		
PF714 19	57 Rocker	Panel Molding Clip	(RE) 3	.00/ea.
PF714A 19	57 Rocker	Panel Molding Clip	Set	
	- 14 nc	(DE)	2-	7 NN/sat

		- 14 pcs. (RE)	37.00/set
	Product i	s excellent.	
PF715	1958	Rocker Panel Molding Clip	
		(AP-GM)	2.00/ea.
PF715A	1958	Rocker Panel Molding Clip Set	
		- 12 clips (AP-GM)	20.00/set

PF715 and PF715A are plastic aftermarket clips which securely hold the rocker panel molding in place. These clips require drilling new holes for mounting.

Comments: Excellent replacement.

DON'T BACKORDERS MAKE YOU HOPPING MAD?

Needless backorders are aggravating, costly, and time-consuming. Each year we've become more efficient reaching an unbelievably low backorder rate. 95.2% of all invoices were shipped without backorders and 98.6% of all parts ordered were shipped without backorders.

If you want your parts NOW (and we mean all your parts) our order line is (800) 421-2637 (AMES).

For questions or ordering, call (603) 876-3345

SECTION SEVEN-CONVERTIBLE TOPS

CONVERTIBLE TOP BOOTS

/MPORTANT NOTICE: Because of new efficient manufacturing techniques and high quantity purchasing, we have been able to slash top boot prices. These are the same high qualit boots we have sold for years.

PH101	1955-57	Convertible Top Boot (RE)	\$120.00/ea.
PH102	1958	Convertible Top Boot (RE)	120.00/ea.
PH103	1959-60	Convertible Top Boot (RE)	120.00/ea.
PH104	1961-64	Convertible Top Boot (RE)	120.00/ea.
PH105	1965-68	Convertible Top Boot (RE)	120.00/ea.
PH105D	1969-70	Convertible Top Boot (RE)	120.00/ea.
PH105F	1971	Convertible Top Boot (RE)	120.00/ea.
PH105G	1972-75	Convertible Top Boot (RE)	120.00/ea.

Boot material is die-cut and stitched like original. Vinyl is correct and comes in a variety of colors—please carefully note if your car needs a white or parchment (off-white) boot. In trying to match parchment interiors several customers have mistakenly ordered a white boot. Boot bag comes with top boot.

CONVERTIBLE TOP BOOT COMPONENTS

PH106 1955-75 Convertible Top Boot Bag (RE) 4.00/ea
This is an exact reproduction of GM's discontinued black 6 mil boot bag.

	PH109	PH109D	
PH109	1955-70 Convertible	Top Boot Retainer	
JAMAZ	Channel (RE	<u> </u>	69.00/ea.
ENEW E	This Channel is used seat. The top boot sl	on the back of the rear ides into this channel.

CONVERTIBLE TOP KITS

PH120	1955-57	Convertible Top Kit w/Plastic	
		Window and Pads (RE)	\$199.00/ea
PH121	1958	Convertible Top Kit w/Plastic	
		Window and Pads (RE)	199.00/ea
PH122	1959-60	Convertible Top Kit w/Plastic	
		Window and Pads (RE)	199.00/ea
PH123	1961	Convertible Top Kit w/Plastic	
		Window and Pads (RE)	199.00/ea
PH124	1962-64	Convertible Top Kit w/Plastic	
		Window and Pads (RE)	199.00/ea.
PH125	1965-66	Convertible Top Kit w/Glass	
		Window and Pads (RE)	299.00/ea.
PH126	1967-68	Convertible Top Kit w/Glass	
		Window and Pads (RE)	299.00/ea
PH127	1969-70	Convertible Top Kit w/Glass	
		Window and Pads (RE)	299.00/ea
PH128	1971-75	Convertible Top Kit w/Glass	
		Window and Pads (RE)	339.00/ea.

Note: Tops are quality stitched using only top of the line 38-ounce vinyl. These kits come complete with items necessary to refurbish your top (pads, top, and window). Top components have a two-year warranty on materials and workmanship. We recommend professional installation of convertible tops. For colors other than black or white please request samples.

Please add \$8.50 shipping when ordering 1965-75 tops with glass rear windows.

REAR WINDOW KITS

PH135	1955-57	Plastic Rear Window w/Vinyl (RE)	99.00/ea.
PH136	1958	Plastic Rear Window w/Vinyl (RE)	99.00/ea.
PH137	1959-60	Plastic Rear Window w/Vinyl (RE)	99.00/ea.
	1961	J ()	99.00/ea.
PH139	1962-64	Plastic Rear Window w/Vinyl (RE)	99.00/ea.
PH140	1965-66	Glass Rear Window w/Vinyl (RE)	150.00/ea.
PH141	1967-68	Glass Rear Window w/Vinyl (RE)	150.00/ea.
PH142	1969-70	Glass Rear Window w/Vinyl (RE)	150.00/ea.
PH143	1971-75	Glass Rear Window w/Vinyl (RE)	210.00/ea.

Note: All rear windows will fit original tops.

Please add \$8.50 shipping when ordering PH140-PH143.

CONVERTIBLE TOP PADS

PH150 1955-75 Convertible Top Pads (RE) \$ 22.00/pr.

CONVERTIBLE TOP WELL

PH161	1955-56	Convertible Top Well (RE)	57.00/ea.
PH164	1959-60	Convertible Top Well (RE)	54.00/ea.
PH165	1961-64	Convertible Top Well (RE)	45.00/ea.
PH166	1965-68	Convertible Top Well (RE)	45.00/ea.
PH167	1969-70	Convertible Top Well (RE)	57.00/ea.
PH168	1971-75	Convertible Top Well (RE)	60.00/ea.

Wells are not made from original material, but fit and look fine.

Comments: Excellent.

PH180D

Comes with mounting hardware.

Please add \$8.50 shipping for PH180D.

This 5/8" tacking strip is thinner than original GM. Using two strips results in approximately the correct thickness.

PH180M1955-75 Convertible Top Tacking Strip, Rear, 3/8"x1/2" (RE).....

Note: PH180K and PH180M are plastic strips that replace your original cardboard pieces. Most cars use 5 to 6 feet at each location.

CONVERTIBLE REAR MOLDING CLIPS

		Weatherstrips (RE)	50.00/pr.
	Note: Pil	lar post weatherstrip runs along the	
	side of th	ne windshield. These reproductions	
	have the	correct molded ends and fit well.	
	Commei	nts: Very good—since they are ex-	
	truded ru	ibber these weatherstrips are harder	
	than orig	inal but soon conform to shape.	

ALARMED BY SUDDEN INCREASES?

Some suppliers have raised prices so dramatically many customers think it is industry-wide. This is absolutely not the case.

While we've seen other catalog prices jump significantly, Ames Performance has been able to hold price increases to a bare minimum.

For ordering or price quotations, please call (800) 421-2637. For questions or ordering, call (603) 876-3345 (603) 876-4656 (603) 876-4751

SECTION NINE-TRUNK COMPONENTS

TRUNK MATS

Pontiac used many colors and designs for its truck mats from 1955-77. We have several new patterns and colors. We should be able to match most original trunk component materials with our product line.

The following trunk mat materials are available for the years listed:

Tan and Brown Chainlink (1955-56), TBC Gray and Black Crowsfoot (1955-57), GBC Gray and Red Crowsfoot (1955-57), GRC Gray and White Crosshatch (1958), GWC Gray and Black Houndstooth (1959), GHT Red and Black Houndstooth (1960), RHT Red, Fawn, and Black Herringbone (1961),

Red and Black Herringbone (1962-64), RBH Aquamarine and Black Herringbone (1962-64), AHB

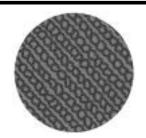

Gray and Green Gator (1965-66), GAT Gray and Black Herringbone (1967-68), GHB Gray Green Felt (1969-77), FGG Black Felt (1969-70), BF

Matching trunk mats, side panels, and spare tire covers will be available in these new colors and patterns.

Note: Please see inside front cover for color samples.

Important Note: Colors shown on inside front cover are approximate color matches. As dye lot changes and different materials are used, colors may vary. Side panels, trunk mats, spare tire covers and trunk dividers will not always be exact matches since all are made from different materials (ex. cardboard, rubber, and vinyl).

		PK100J	
PK100J	1955-56	(TBC) Chainlink Trunk Mat Material	
		- ALL (RE)	\$ 38.00/yd.

This material just became available. It has the correct printing and is made from the original style cloth. We are selling this by the yard and most cars require 3 - 31/2 yards. The roll is 56" wide and in most cars, must be used with a backing for proper appearance.

PK101 1955-56 Trunk Mat. Star Chief - 2 Dr. HT

1700 00	Harik Wat, Star Office 2 Dr. 111	
	- GBC - Rubber (RP)	58.00/ea.
1955-56	Trunk Mat, Star Chief - Conv.	
	- GBC - Rubber (RP)	55.00/ea.
1957	Trunk Mat, Star Chief	
	- 2 Dr. HT (RE)	99.00/ea.
	1955-56	- GBC - Rubber (RP)

Note: This mat can be trimmed to fit 4 Dr. HT Star Chiefs

Star Chie	ofs.	
PK102A 1957	Trunk Mat, Star Chief & Bonneville	
	- Conv. (RE)	99.00/ea.
PK102C 1957	Trunk Mat, Chieftain	
N. A.1.1	- 2 Dr. HT (RE)	99.00/ea.

Note: 1957 mats are available in either Gray & Black Crowsfoot or Gray & Red Crowsfoot. Please specify when ordering.

These mats (PK102-PK102C) are excellent! They are made correctly with the horsehair backing and silkscreened face. These should be the finishing touch to your trunk compartment.

PK104 1958	Trunk Mat, Bonneville, Chieftain	
	- 2 Dr. HT (RE)	99.00/ea.
PK104A 1958	Trunk Mat, Bonneville, Chieftain	
	- Conv. (RE)	99.00/ea.
PK104C 1958	Trunk Mat, Star Chief & Superchief	
. 1.	- 2 Dr. HT (RE)	99.00/ea.

These mats are made by the same supplier as our '57's and are excellent. They have the correct horsehair backing and silkscreened crosshatch face. For years, only vinyl mats were available. Although they had the correct print, they lacked the originality of the horsehair backing. These new mats are an excellent value.

TRUNK PAINT & CLEAR COAT

PK400

Trunk Spatter Paint, Grey & White 14 oz. Aerosol Can (GM)..... Trunk Spatter Paint, Black & Aqua

10.00/ea.

PK401

14 oz. Aerosol Can (GM)..... This is GM's own trunk paint. Afterproduct

10.00/ea.

spatter paint contains approximately 50% water which usually runs when the trunk area sweats. GM paint contains 30% and is far superior.

Comments: None of the products available is an exact match with the original. This is not perfect but the best we've seen in paint of this quality.

Note: Occasionally customers that order PK401 feel they have received PK400. As far as color goes, the grey in PK400 is very light, similar to concrete. The black in PK401 is actually a charcoal shade while the spatter is a very light aqua (at times the spatter almost appears white).

6.50/ea.

PK405

Trunk Spatter Paint, Clear Coat (AP) We highly recommend this product because when the trunk area sweats the spatter paint tends to run. Two cans required for most trunks.

TRUNK LAMP KIT

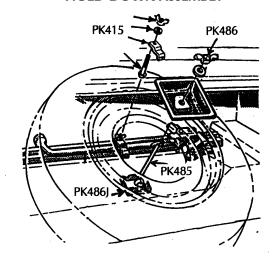

PK410 1964-68 Trunk Lamp Kit (RE)

30.00/ea.

This is a reproduction of the accessory option available for '64-'68 Pontiacs. Many customers have used this on earlier cars by adapting the harness.

HOLD-DOWN ASSEMBLY

PK415 1965-66 Jack Handle and Jack Hold-Down Assembly - HTP (RE)\$12.00/asm.

This highly sought-after bracket is usually missing, discarded years ago. The assembly comes complete with bolt, bracket, washer, and wing nut. Excellent detail item.

trunk floor.

PK487

PK487 1960-68 Eight-Lug Hold-Down Plate (RE) \$ 30.00/ea.

Note: This plate is manufactured like original. It is made from the same thickness stock, has the correct crimped notches, and is stamped to have the original convex shape. The plate was used not only to anchor the eight-lug spare in the trunk, but also to hold the rim securely when mounting and dismounting tire.

Comments: Excellent. Beware of other less expensive products on the market. All the reproductions we've seen are flame cut from 3/16" or 1/4" flat stock. They exhibit none of the original crimped or contoured surfaces.

	It is recomm	ana ana ala al tha at the a su interna are feelly the	

It is recommended that the customer fully investigate the extent of the trunk rust. In almost all cases the body brace is needed (body braces are included in the price of the LH and RH trunk floor sections). Other companies may sell just the floor pan at reduced prices, but it is seldom sufficient.

Please add \$8.50 shipping.

TRUNK LIP PANELS

PK730 1958 Trunk Opening Bottom Lip Patch

Panels (RE) \$119.00/pr.

These patch panels will cure the commonly rusted area on 58 trunk openings. The bottom lip comes in two pieces (upper and lower) ready to replace the weatherstrip channel and dropleg from weatherstrip channel to trunk floor.

PK750 1961-77 Floor Drain Plug (RE) 4.00/ea.

PL220G	Exhaust Band Clamp	10.00/
PL220H	(Rear - 2" dia.)(APE) Exhaust Band Clamp	12.00/pr
	(Rear - 21/4" dia.) (APE)	12.00/pr

These unique clamps were used on many Pontiacs with dual exhaust. Use with PL220F for final exhaust detailing.

6.00/ea.

6.00/ea.

PL220N PL220M PL220M 1966-73 Original GM Style Muffler Clamp, 2" (APE)

PL220N 1966-73 Original GM Style Muffler Clamp,

21/4" (APE).....

Since Pontiac restorations began, no one has ever located the unique muffler clamps used by the factory. Since these were not serviced by GM parts departments, afterproduct flat sided clamps have always been used, even by the most conscientious restorer.

These clamps were reproduced using samples from low mileage original exhaust cars and NOS accessory exhaust extension kits from 1966.

Comments: These exact clamps with the circular style outer profile are for the serious restorer.

Note: We are unsure about '64 and '65 cars. but believe these clamps were used and this style clamp was dropped in either 1974 or 1975.

This is the original style non-adhesive vinyl wrap commonly used on all GM cars. This is non-electrical tape.

1.00/ft.

WIRING HARNESSES

We carry an extensive line of wiring harnesses to solve your electrical problems. These harnesses are made to exact original specifications making installation a simple plug-in operation.

Please refer to the following abbreviations when ordering wiring harnesses.

UNIT. DIST. = UNITIZED DISTRIBUTOR

TI = TRANSITORIZED IGNITION

RA = RAM AIR

AC = AIR CONDITIONING

AT = AUTOMATIC TRANSMISSION

MT = MANUAL TRANSMISSION

DEF = DEFROSTER

EXT. REG. = EXTERNAL REGULATOR (VOLTAGE REGULATOR MOUNTED ON CORE SUPPORT)

INT. REG. = INTERNAL REGULATOR (VOLTAGE REGULATOR IN ALTERNATOR)

HD = HEAVY DUTY

PW = POWER WINDOWS

ATC = AUTOMATIC TEMPERATURE CONTROL

We carry an extensive line of wiring harnesses for 1964-74 full size and 1969-74 Grand Prix models. We can provide engine, forward light, dash and air conditioning harnesses for most 1955-63 models. Please inquire with specific needs and for prices.

Harnesses will be shipped directly to you from our west coast manufacturer. Allow 4-6 weeks for delivery.

Don't get trapped by high prices in the Pontiac industry. Some suppliers continue to charge unrealistic prices for their products while we here at Ames Performance have tried to keep the lid on price increases.

For ordering or price quotations, please call (800) 421-2637. For questions or odering, call (603) 876-3345 (603) 876-4656 (603) 876-4751

SECTION TWELVE - ENGINE COMPONENTS

TRI-POWER AIR CLEANERS

Important Note: The following Tri-Power air cleaner components are correct for some 1965 and all '66 units. We have listed complete sets and components for earlier models for those people who want the three single air cleaner setup.

PN100 1957-58 Tri-Power Air Cleaners, Complete
w/GM A220C Paper Elements (RE) . \$109.00/set
PN101 1959-65 Tri-Power Air Cleaners, Complete
w/GM A220C Paper Elements (RE) . 109.00/set
PN102 1966 Tri-Power Air Cleaners, Complete

w/GM A220C Paper Elements (RE) . 109.00/set

PN103	1957-58	Tri-Power Air Cleaners, Complete w/Reproduction A193C Foam	
PN104	1959-65	Elements and Screens (RE) Tri-Power Air Cleaners, Complete w/Reproduction A193C Foam	149.00/set
PN105	1966	Elements and Screens (RE) Tri-Power Air Cleaners, Complete w/Reproduction A193C Foam	149.00/set
PN105P	1959-65	Elements and Screens (RE) Tri-Power Air Cleaners, Complete - California Only w/GM A220C	149.00/set
PN105R	1966	Paper Elements (RE) Tri-Power Air Cleaners, Complete - California Only w/GM A220C	175.00/set
PN105S	1959-65	Paper Elements (RE) Tri-Power Air Cleaners, Complete - California Only w/Reproduction A193C Foam Elements and Screens	Disc.
PN105T	1966	(RE) Tri-Power Air Cleaners, Complete - California Only w/Reproduction	215.00/set
		A193C Foam Elements and Screens (RE)	Disc.

We have supplied these reproduction air cleaner sets with A220C and foam elements for years. During this time, Pontiac enthusiasts nationwide have received fine cover chrome and exact detailing of both covers and bases.

Comments: Excellent.

Note: See PN212 and PN214 for wing nuts and carb studs.

PN106	1957-66	Tri-Power Chrome Cover (RE)\$	20.00/ea.
PN107	1957-58	Tri-Power Air Cleaner Base - ALL,	
		Small (RE)	15.00/ea.
PN107	1959-65	Tri-Power Air Cleaner Base, Center,	
		Small (RE)	15.00/ea.
PN108	1959-66	Tri-Power Air Cleaner Base, Large,	
		1959-65 End, 1966 ALL (RE)	15.00/ea.

		FINIUOK	
PN108K	1959-65	Tri-Power Air Cleaner Bases,	
		California Only (Set of 3) (RE)	120.00/set
PN108L	1966	Tri-Power Air Cleaner Bases,	
		California Only (Set of 3) (RE)	Disc.
PN109	1957-66	Tri-Power Paper Air Cleaner	
		Elements A220C (Set of 3) (GM)	18.00/set
PN109B	1957-58	Tri-Power Lids & Bases Only (RE)	95.00/set
PN110	1959-65	Tri-Power Lids & Bases Only (RE)	95.00/set
PN111	1966	Tri-Power Lids & Bases Only (RE)	95.00/set

Although this foam does not have the AC logo it does have the correct cell structure and is embossed with the A193C imprint. The only other

difference between these and originals is they are manufactured without the thin inner lip around the top and bottom. This is not noticeable when the air cleaners are assembled.

Comments: Good.

PN113 1957-66 Tri-Power Air Cleaner Screens for use w/Foam Elements (Note: NOS is used in photo) (Set of 3) (RE) \$ 30.00/set

These screens are used with the PN112 foam elements to complete the four-piece air cleaner assembly.

Comments: Very close to original. We are using similar steel and original style fine wire screen to keep large particles from piercing the foam and entering the engine.

Rear 105° Fitting (RE)

PN119 1966	Tri-Power Fuel Lines w/Front Carb. Fuel Block, Center and Rear 90° Fittings (RE)\$	48 00/set
PN119A 1966	Tri-Power Fuel Lines w/Front Carb. Fuel Block, Center and Rear 105° Fittings (RE)	

We are making many of our own fuel lines to insure highest quality and fit. All fuel line kits use the original design fuel blocks (made by Weatherhead and authentic down to the logo). The PN115, PN116, PN117, PN118, and PN119 kits use the Weatherhead replacement 90° fitting where applicable. This is the same fitting we've used satisfactorily for years. For the serious restorer we offer the correct 105° fitting to be used in the PN115A, PN116A, PN117A, PN118A, and PN119A kits.

Comments: Excellent. With the 105° fitting we can offer the ultimate in fuel line kits.

These gasket sets contain the three types of rear pan seals. '64-'71 uses the cork gasket (PN394J); '72-'76 (early) uses the three pronged seal (PN394J); and '76 (late)-'77 uses the five prong seal (PN394K).

After researching several suppliers, we now offer complete exhaust systems for your classic Full Size Pontiac.

The systems come complete, either aluminized or in stainless steel. All systems come with clamps. Non HO systems come with flanges.

Please call for information concerning your particular application. Dual Exhaust prices start at \$270.00 per system.

Please add \$25.00 shipping for exhaust systems.

FLOWMASTER PERFORMANCE EXHAUST COMPONENTS

42453

Flowmaster mufflers use a fully aluminized 16 gauge steel welded case which is virtually indestructible. These mufflers greatly improve combustion efficiency and offer optimum street performance.

42453 1955-77 21/4" Three chamber Muffler,

All Pontiac V-8 (AP) \$ 95.00/ea.

42553 1955-77 21/2" Three chamber Muffler,

All Pontiac V-8 (AP) 95.00/ea.

Three chamber mufflers give a mellow more conservative tone over two chamber mufflers without sacrificing performance.

42443 1964-72 21/4" Two chamber Muffler,

42543 1964-72 21/2" Two chamber Muffler,

For those seeking the more aggressive sound we suggest using these two chamber mufflers.

EXHAUST MANIFOLDS & FLANGES

PN403

PN403 1965-68 HO Exhaust Manifold - ALL (RE) 399.00/pr.

Note: Please contact us concerning 1962-64 and 69-72 full-size applications.

PN403 1969 HO Exhaust Manifold - GP (RE)......\$399.00/pr.

Note: PN403 will also fit 1970-72 GP although they are not original equipment.

All exhaust manifolds are manufactured using high quality ductile iron. Manifolds have passed heat testing from 52°F to 1400°F and also passed the difficult quench test. Manifolds are warranted for one year on materials and workmanship.

Manifolds are supplied with steel studs and brass nuts. Stainless studs are available (see PN422 and PN422A).

Please add \$14.00 shipping for exhaust manifolds.

PN403A

PN403A HO Exhaust Flange (2-Bolt) (RE) 20.00/ea.

Note: This 2-bolt flange must be used with PN403 exhaust manifolds.

Comments: Excellent.

PN406J 1968-74 Exhaust Flange - ALL V-8 Models

EXHAUST COATING

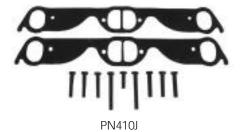

PN40

PN407 1955-72 Exhaust Manifold Coating (AP) 19.00/pt.

This high-quality Eastwood product is an excellent dressing for original manifolds as well as these new reproductions. Fortified with 25% stainless steel, this high-temperature coating will give your manifolds new cast-iron appearance for thousands of miles.

EXHAUST MANIFOLD INSTALLATION KITS

high-tensile bolts.

PN410J D-Port Standard Exhaust Manifold Installation Kit (RP).....

26.00/kit

Please tell us how many and what size your bolts are when ordering this kit since there are many different combinations.

Note: Same components as PN408 above.

PN4111959-77 D-Port Exhaust Manifold Gasket

24.00/pr. (AP).....

EXHAUST COMPONENTS

PN413 1955-77 Exhaust Manifold Bolt Lock (APE).... 1.25/ea.

This lock was used on all V-8 exhaust manifold bolts.

PN415 1956-58 Exhaust Elbow - LH (RE)..... 55.00/ea.

> PN415 was used on all 1956 cars w/dual exhaust and 1957-58 cars w/dual exhaust but w/o fuel injection. This piece is often cracked or broken.

Comments: Excellent reproduction.

Exhaust Elbow w/T395A Motor - RH PN415C 1958 (RE)..... 95.00/ea.

This elbow fits only 330HP Tri-Power cars w/ dual exhaust. Casting # 530966.

PN416 1961-64 Exhaust Elbow - RH (RE) 75.00/ea.

This was used on 1961-62 cars equipped with the 425A motor and 1963-64 421 HOs.

PN422

PN422 1955-77 Exhaust Manifold Stud and Nut exc. Long Branch Manifolds (RE)..... 3.00/ea.

PN422A 1965-69 Long Branch Manifold Stud and Nut

(RE)..... 4.00/ea.

These studs and nuts should be used with new exhaust flanges or when your HO or RA header pipe is changed. With these stainless steel studs and bronze nuts you will rid yourself of broken flange studs and exhaust manifolds.

HEAT SHIELDS

PN423

PN423 Solenoid Heat Shield (RE)\$ 10.00/ea.

Originally designed for the '67 HO and RA applications, this stainless shield helps insulate your starter solenoid from exhaust manifold heat. Shield can be used on any Pontiac to help reduce hot start problems and prolong solenoid life.

PN423K

PN423J Battery Cable Heat Shield (4" Long) (RE)....... 10.00/ea.

PN423K Battery Cable Heat Shield (41/2" Long) (RE)

These original-style heat shields bolt to the driver's side head and run down behind the exhaust manifold.

Note: These cable shields fit a variety of V-8 full-size cars.

PN423NB **PN423NB**1969 GP HO Positive Battery Cable Shield (APE).....

29.00/ea.

All '69 GP HO positive cables were routed originally through a tube attached to the LH motor mount (Part #9789780). They are a necessity for both the restored and street driven HO cars since they keep the cable away from the hot exhaust manifolds.

STARTER AND COMPONENTS

Note: Of the many standard carburetor kits on the market, the Echlin kit is considered the best.

DELUXE CARB REBUILDING KITS

We are now handling two other carb rebuilding kits manufactured by "The Carburetor Shop."

These kits are more comprehensive than our standard line and come in two styles. The Level 1 kits come complete with all gaskets, pumps, springs, etc. that our standard kits contain. Besides the above, Level 1 two barrel kits include the pump return spring, main jets, the center power valve, and idle screws. In addition to the standard kit, the AFB Level 1 kits include primary jets, vacuum piston and spring, plus idle screws. Quadrajet Level 1 kits additionally have the power piston spring, primary jets and idle screws.

Level 2 carburetor kits contain all components found in Level 1 kits plus all new philister head screws, choke plate screws, and throttle plate screws.

Prices for these kits are:

Level 1 kits	Level 2 kits
\$40/kit	\$50/kit
110/3 kits	135/3 kits
44/kit	59/kit
45/kit	60/kit
48/kit	63/kit
	\$40/kit 110/3 kits 44/kit 44/kit 44/kit 44/kit 45/kit

Application, type of carburetor and carb # must be given with order.

These kits are available for '55-'75 cars only. *Note:* Tri-Power kits must be ordered in sets of 3.

Note: For carburetor jets please inquire.

PCV COMPONENTS

PN480 1963-65 4-Barrel and 1964-65 Tri-Power Crankcase Vent Hose Connector Nylon (RE).....

18.00/ea.

This is a very detailed reproduction of the small nylon F-shaped PCV connector. Usually missing, this piece has been impossible to find and is necessary for complete restoration of your engine.

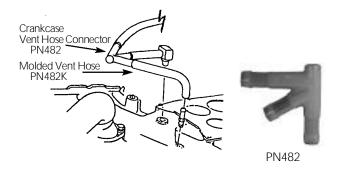

PN480A PN481A
PN480A 1963-65 4-Barrel and 1964-65 Tri-Power
Crankcase Vent Hose Connector
Steel (RE)

This plated steel connector is an excellent alternative to PN480. Although most cars were equipped with nylon connectors, some had steel.

PN481 1966 Tri-Power Crankcase Vent Hose Connector Nylon (RE)...... 18.00/ea.

This hose connector seems to have been used on most '66 models. It is different from PN480 in that all connections take 3/8" I.D. hose.

See Note under PN480A.

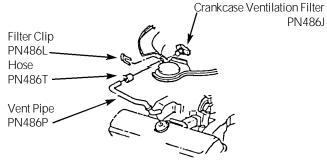

There has been much controversy as to whether this was used by the Factory for PCV hose. We have researched Factory photos and low mileage original cars and found this "GAS GAS" printed hose for the PCV system.

PN485JDLate '66-67

Crankcase Vent Hose Bracket (RE) .. 15.00/e

These new vent hose brackets are improved since they no longer are welded but rolled as original.

See diagram above PN480 for vent hose brackets.

Note: PN525AA thru PN525AR are not available with date codes.

Note: The following original-style plug wires have just become available. Using dated plug wires will greatly affect people in the restoration field. Packard used this dated wire from 1961 through 1974.

Personal States of Bridge-19

Dating Information: Original wires were printed like the above example. "TVRS" means Television Radio Suppression. The date code consists of a number designating the quarter, "Q" denoting quarter, and the last two digits indicate the year. The wire photographed above was made in the second quarter of 1963. Original wires were manufactured 6 months to 1 year AHEAD of the actual automobile assembly date. Order your correctly dated wires by subtracting six to twelve months from your car's assembly date. This date is stamped on the cowl tag. Example: a 1966 car with "04C" (third week of April) on the tag can use wires with either 4O65 or 2O65 codes

CAMSHAFTS AND COMPONENTS

Ames Performance now offers camshafts for your restoration. A variety of cams are available for hundreds of different piston, head and valve train combinations, but we concentrate on factory specifications.

Our cams have stock duration, lift, overlap, and profiles for your original engine configuration and are all supplied by Crane—the nation's leader in cam technology.

Stock cams can also enhance performance. Please refer to the description of each shaft for your particular needs.

PN614 1959-77 Hydraulic Camshaft, OEM
Replacement for GM # 9779066
(RP).....\$ 89.00/ea.

This camshaft replaces the standard horsepower workhorse cams from 1959 to 1976. The actual grind is a blueprint of the 9779066 (since the 067 is almost identical, Crane recommends the 066 in those applications).

Performance Note: PN614 can be used in 326, 350, and low compression 400 engines if a modest performance increase is desired.

PN616 1959-77 Hydraulic Camshaft, OEM Replacement for GM # 9779068 (RP)...... 109.00/ea.

This is an exact profile for some of the finest stock street engines Pontiac ever engineered (1967-68 HO, 1968 Ram Air I, 1969-70 RA III, 1971-72 455 HO etc.).

Performance Note: Certainly the best for exact restoration, but also our choice for those individuals seeking horsepower increases from standard horsepower engines.

This is the famous RAII and RAIV shaft used in 1968-70 and originally scheduled for the 1973 Super Duty engines. This cam is the best choice for correct restorations.

Performance Note: This cam can produce large horsepower gains when installed in standard horsepower engines. However, be aware that the horsepower and torque bands are such that this cam is less streetable than the PN616.

PN620 Camshaft Installation Tool (AP).....

This tool allows easy installation of the camshaft without causing severe damage to cam bearings.

	impervious to battery acid. This is an excellent way to preserve your battery tray and its satin-black luster.	
PP151	Cast-Iron Spray Gray (AP)	7.50/ea.
	Ever wonder how those award winners keep cast-iron suspension components and master cylinders looking so new? There's a good chance those parts are painted with the Eastwood cast-iron spray paint (not heat resistant).	

PP152 "Aluma Blast" Aluminum Paint (AP) \$ 6.50/ea.

Use this spray on any parts that need that clean original aluminum finish. Good for castings like transmissions.

Note: PP150 - PP152 are high quality Eastwood products.

DESERT COOLER RADIATORS

In an effort to help cure over-heating problems, we offer the finest radiators available. They are unique products designed and custom manufactured for hot weather driving.

These radiators known as "Desert Coolers" have more cooling fins than conventional radiators. They all utilize four-tube cores. If your car is now equipped with a four-core radiator these units bolt in with no modifications.

If your car has a three-core radiator, we can special-order a radiator that will bolt in with no modifications too. Please inquire about these special order radiators. You should not even consider using a three-core radiator in your Pontiac. Most Pontiac motors tend to run hot and need the added efficiency of four-core radiators.

With many companies selling inexpensive inefficient radiatiors, Pontiac owners must rely on these high-performance "Desert Coolers" for maximum cooling.

Note: Limited warranty: US Radiator warrants its radiators to be free from defects in material plus workmanship for 1 year from date of purchase.

	Heater Hose (APE)	1.50/ea.
	In an effort to find the correct years for these heater hose clamps we used dealer showroom album photos, 60's magazine articles plus the date codes stamped on clamps taken from original cars.	
	We found no evidence of their use from 1957-64 (use the PP284 & PP285). In '65 most cars used PP284 & PP285 but several late-produc-	

tion cars were equipped with post-type clamps (earliest post-type clamp date found was April '65). 1966 and newer used the post-type.

PAINT

PP350 PP352 Black Semi-Gloss Engine Compartment Paint, Quart (AP)......

This is the correct nitrocellulose lacquer for your restoration needs.

PP351

PP350

Flat Black Engine Compartment Paint, 11 oz. Aerosol Can (GM)......

This product is GM's own engine compartment paint. It is high quality paint but by their own admission is a later-style satin "flat black." We do not recommend this paint for restorers seeking originality. However, the product does have redeeming features. We checked it against NOS pieces and found it's perfect for '64-'68 arrowhead emblems, '65 tail panels and taillight bezels plus other applications where a black satin finish is needed.

PP352

Semi-Gloss Engine Compartment Paint (AP)

This is a true semi-gloss paint available in a spray can. Usually a difficult paint to match, this Eastwood product is an excellent paint for engine compartment detailing.

	ese kits allows you to refurbish your naster cylinder. Many times rebuild-	
0 3	original is preferable to purchasing in- placements.	
	orotect your master cylinder from rust ast-iron spray gray paint in Section	

BEWARE OF LOW PRICED, LOW QUALITY BRAKE COMPONENTS

Thirteen.

In keeping with our on-going commitment for quality parts, we sell only name-brand components (Bendix, Raybestos, etc.). Discount pieces have no place in your brake system.

Depend on our quality here at Ames.

	(RP)	2.00/ea.
PR225P 1969-72	Clutch and Brake Pedal Pivot Bolt -	
	All MT - GP (RP)	2.00/ea.
PR225W 1969-72	Clutch and Brake Pedal Pivot Bolt	
	Lock Nut - GP (RP)	1.00/ea.
PR225YA 1969-72	Brake Clevis to Pedal Pin Retainer -	
	GP (GM)	1.50/ea.

BACKLOCK COMPONENTS

PR228M1969-72 Back Lock Equalizer Shaft Pivot Bushing - GP.....

PR228P 1969-7	2 Back Lock Rod to Lever Swivel - GP	
	(GM)	\$ 5.50/ea.
PR228S 1969-7	2 Reverse Lock-Out Rod w/ Swivel	
	4-sp. (GP) (RE)	75.00/ea.

FLOOR SHIFT PORCH

PR230	

PR230 1967-72 Floor Shift Porch, MT - GP (RE)....... 35.00/ea.

These are STEEL reproduction shift porches. Besides being needed for 4-speed conversions, many porches on original Grand Prixs have been altered for different shifters or are missing altogether.

Comments: Very good—made by the same shop as our high-quality floors, trunks and patch panels.

SHIFT BOOTS AND SEALS

These seals replace the many cracked and broken seals found on 3-speed automatic consoles.

PR239MA

PR240 PR244C
PR240 1960-64 Shift Boot, 4-Speed w/Bench Seat (RE)......

PR246

Note: PR246 and PR247 are the bellows which attach to the console and surround the shift lever. They are exact reproductions using original Seville grain stitched silver vinyl and molded grommets.

SHIFT BOOT TRIM PLATES

Note: This fits PR240 above.

PR250 1960-64 Shift Boot Trim Plate, w/ or w/o Console w/Bucket Seats (APE) .. 15.00/ea.

Note: This fits PR241 and PR242 above.

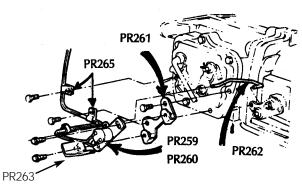

PR255
PR255 1965-69 Shift Boot Trim Plate - FS (APE) 15.00/ea
PR255 1969-72 Shift Boot Trim Plate - GP (APE) 15.00/ea

The PR255 trim plate is an exact reproduction

of the original chrome bezel used between 1965 and 1972. PR255 combined with PR244C can be used to give a correct factory appearance when converting your car to a 4-speed.

BACK-UP LIGHT SWITCHES

PR259	1960-64 Back-Up Light Switch, 4-Speed
	(RP)\$ 55.00/ea.
	Except in certain applications where the wiring
	harness may differ, this switch is same as orig-
	inal.

PR260	1965-67 Back-Up Light Switch, 4-Speed (RP)	55.00/ea.
	This switch is an exact replacement for 1965-67 models.	
PR261	1965-67 Back-Up Light Switch Bracket, MT	5.00/ea.

		(GIVI)	J.00/Ea.
PR262	1965-67	Back-Up Light Switch Rod, 4-Speed	
		(RE)	3.00/ea.

	PR263	PR264	
PR263	1960-67	Back-Up Light Switch Shield (RE)	9.50/ea.
		n missing shield protects the switch	
	from road	d debris.	
PR264	1968	Back-Up Light Switch, MT (GM)	24.00/ea.
	PR264 fit	s the original 1968 shifter only.	
		Back-Up Light Wire Clips (RE)	4.00/pr.
PR267	1961-72	Back-Up Light Switch, 4-Speed	
		w/Hurst Linkage (RP)	25.00/ea.

Note: This after-market design is not the same as original. It uses a plunger switch that contacts the reverse arm activating the back-up lights. This is a less expensive alternative to PR259 or PR260.

TRANSMISSION SHIFT CABLES AND COMPONENTS

PR385 1965-72 Clutch Fork Push Rod - ALL (GM) ... 17.00/ea. Note: PR385 is a rugged replacement push rod used by GM for heavy duty clutch applications. It is sold as a three-piece set and is stronger than the original-style rod.

PR385J 1969-72 Clutch Spring (2-Piece) - GP (RE) \$ 15.00/pr.

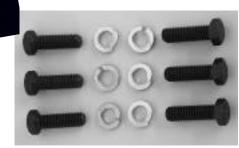

PR385KD

25.00/ea.

PR385KD 1961-62 Clutch Over - Center Spring (RE) ...

This hard to find spring was just reproduced. It is a necessity on 61-62 cars to aid in depressing the clutch.

OEM CLUTCH KITS AND BOLTS

PR390AC 1964	Clutch Kit, 421 - 389, 3/4 spd	
	w/ 10 spline -103/8" Disc (AP)	179.00/kit

PR405B	1973-77	Rear Parking Brake Cable, RH or LH	
		- GP (GM)	30.00/ea.

available from GM. Because of its large diameter, you need to alter your floor brace to install properly.

PARKING BRAKE RELEASE HANDLE

PR415J

PR415J 1969-72 Parking Brake Release Handle - GP (GM-RP)......\$ 3.00/ea.

Although not an exact replacement, this handle functions fine. The print and contours of the handle differ from the original design.

PIT PACK

0000000

PR420 1964-66 Hurst Pit Pack (AP) 9.50/set

Each kit contains enough shift rod bushings and spring clips to refurbish sloppy linkage.

Note: Some year shift linkages did not use bushings; PR420 cannot be used on these shifters.

1.00/ea.

FLYWHEEL AND FLEXPLATES

This 30lb. flywheel is strongly recommended for high performance applications. This will accept 10" or 11" clutch plates.

Note: Please add \$7.00 shipping for flywheel

PR428HF 1967-75 Automatic Flex Plate, All V-8 with Hydramatic Trans. (RP).....

47.00/ea.

PR429HJ

PARKING BRAKE CABLE COMPONEN

Spring Retainer (RP)

PR410L

PR410L 1964 Front of Rear Brake Cable Guide and Hardware (RE)...... 5.00/kit

This is the hard to find often missing brake cable guide that the rear cable goes through.

PR410T

(APE)......

Usually worn or missing, these cable guides are necessary for proper parking brake operation. Requires 2 per car.

Note: Beware of the S-shaped guide currently

BEWARE OF LOW PRICED, LOW QUALITY BRAKE **COMPONENTS**

In keeping with our ongoing commitment for quality parts, we sell only name-brand components (Bendix, Raybestos, etc.). Discount pieces have no place in your brake system.

Depend on our quality.

Note: Many brake components require core charges. Please inquire when ordering.

BEWARE OF LOW PRICED, LOW QUALITY BRAKE COMPONENTS

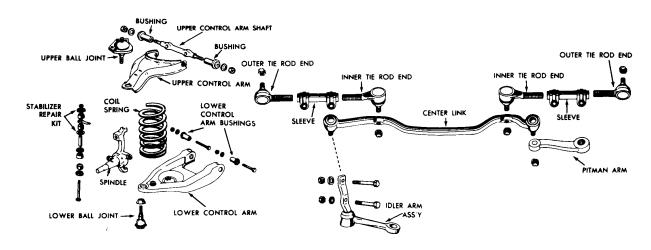

In keeping with our ongoing commitment for quality parts, we sell only name-brand components (Bendix, Raybestos, etc.). Discount pieces have no place in your brake system.

Depend on our quality.

A.P.E. SIMPLY HAS THE BEST SERVICE! ENOUGH SAID!

> PS398T-PS399B are the insulators that mount between the top of the spring and the frame.

REAR LEAF SPRINGS

PS399JJ 1955-57 Replacement Rear Leaf Springs (AP) 349.00/pr. These new replacement springs will rejuvenate your sagging rear suspension.

Please add \$18.00/pr. shipping for PS399JJ.

BODY MOUNTS & HARDWARE

We've been able to reproduce practically all the body mounts for the 1955 and newer fullsize Pontiacs. Old, cracked, and worn mounts always detract from a restoration. We recommend new mounts not only for restorations now underway but also for those that have been completed using the old mounts. (Several people have jacked one side and then the other off the frame and slid in new mounts.)

1955-'60 BODY MOUNTS & HARDWARE

PS401

PS401 1955-57 Body Mount Assembly - HT (RE) 8.00/asm.

Note 1: Each assembly consists of one rubber and steel upper body mount and one rubber lower body mount. Square mount measures 21/16" x 21/16" x 1/2" thick.

Note 2: These hardtop mounts are supplied with a thin sheet metal spacer designated by original GM part numbers. (Several of our customers' cars do not have this spacer. If your car was assembled without shims, simply remove from our mounts and discard.)

PS402K 1958 Body Mount Assembly - HT (RE)\$ 8.00/asm.

Each assembly consists of one rubber and steel upper body mount and one rubber lower body mount. Square mount measures 21/16" x 21/16" x 1/2" thick.

PS403K 1959 Body Mount Assembly - HT (RE) 8.00/asm. Body Mount Assembly - HT (RE) **PS404** 1960 Inquire

PS405K

PS405K 1955-60 Body Mount Assembly - CVT (RE) ... 5.00/asm.

Each assembly consists of one flat rubber square and one flat rubber round body mount. Square mount measures 13/4" x 21/4" x 5/16" thick.

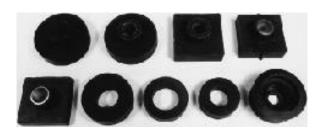

Note: We have found some 55-60 convertibles use a square mount with a steel sleeve - measuring about 1/2" in thickness. Please use PS401 if you have this style mount.

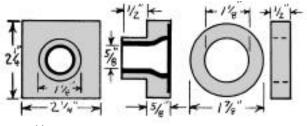

PS407 PS407 1955-60 Body Mount Hardware Assembly - HT and CVT (AP) 1.50/asm.

Each assembly consists of one grade five bolt and one special body mount washer.

1961-72 FULL-SIZE BODY MOUNTS & HARDWARE

1961-72 full-size Pontiacs (except 1969-72 GP's) used several different body mounts in various combinations. With so many variations, we are offering our mounts as individual assemblies in order for each customer to select the correct combination of mounts for his car. Use the following dimensions to identify the mounts for your application.

Upper-

Rubber w/Steel

Lower-Rubber

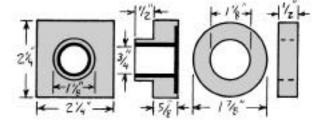

PS410

PS410 Body Mount Assembly, Upper

& Lower - FS (RE) 9.00/asm.

Use PS420 body mount hardware with this assembly.

Note: A few original mount assemblies we received had a small thin lower mount (15/8" O.D.). In all cases we will be supplying the large stronger, more common mount illustrated above.

Upper-

Rubber w/Steel

Lower-Rubber

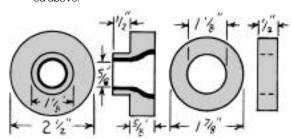

PS411

PS411 Body Mount Assembly, Upper

& Lower - FS (RE) 9.00/asm.

Use PS420 body mount hardware with this assembly. The upper mount in this assembly is similar to PS410. However, it is distinguished by the much larger inside hole diameter and straight tube hole design.

Note: A few original mount assemblies we received had a small thin lower mount (15/8" O.D.). In all cases we will be supplying the large stronger, more common mount illustrated above.

Upper-

PS412

Rubber w/Steel

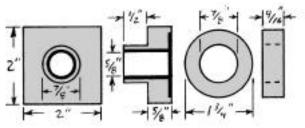

Lower-Rubber

PS412 Body Mount Assembly, Upper

& Lower - FS (RE) 9.00/asm

Use PS420 body mount hardware with this assembly.

Note: A few original mount assemblies we received had a small thin lower mount (15/8" O.D.). In all cases we will be supplying the large stronger, more common mount illustrated above.

Upper-

Rubber w/Steel

Lower-Rubber

PS413

Body Mount Assembly, Upper

& Lower - FS (RE) 9.00/asm.

Use PS421 body mount hardware with this assembly.

Note: This mount seems to have two applications. In some cases it functions as a true body mount using a lower mount and bolt. In other applications it has no bolt and is simply a rider or dummy (see PS414).

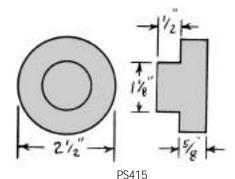

PS414

PS413

Body Mount - Upper Only - FS (RE).

6.00/ea.

Note: Refer to upper mount diagram for PS413.

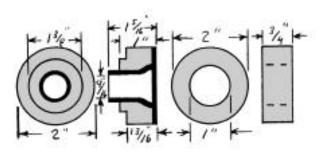

PS415

Upper Body Mount - FS (RE).....

4.00/ea.

This mount is rubber only with no hole for a bolt. It is used simply as a rider or dummy.

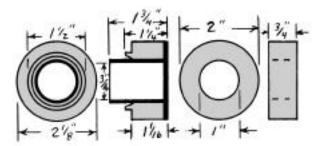

Upper-

Rubber w/Steel

Lower-Rubber

PS416

PS416	Body Mount Assembly, Upper
	& Lower - FS (RE)\$ 8.00/asm.
	Use PS422 body mount hardware with this as-
	sembly

Upper-Rubber w/Steel

Lower-Rubber

PS417

PS417 Body Mount Assembly, Upper & Lower - FS (RE) 8.00/asm.

Use PS422 body mount hardware with this assembly.

PS420 Body Mount Hardware Assembly

This assembly consists of one 7/16" x 2" bolt and one special 1 7/8" body mount washer.

Body Mount Hardware Assembly PS421

This assembly consists of one 7/16" x 2" bolt and one special 15/8" body mount washer.

PS422 Body Mount Hardware Assembly

This assembly consists of one 7/16" x 3" bolt and one special body mount washer.

1969-77 GP BODY MOUNT AND HARDWARE KITS

PS425 1969-72 Body Mount Set - GP (RE)..... This set includes all upper and lower body mounts necessary for one car. See PS441 for

core support mounting kit. **PS426** 1969-72 Body Mount Hardware Kit - GP (AP) 17.00/kit This kit includes the correct 2" x .525" x .125" washers plus enough grade 5 bolts to install a full set of body mounts.

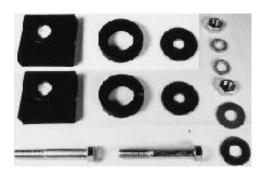

PS430

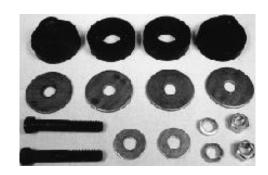

PS430 1973-77 Body Mount Set - GP (GM).....\$ 235.00/set This set includes all upper and lower body mounts necessary for one car. **PS431** 1973-77 Body Mount Bolt Kit (AP)..... 8.00/kit This kit contains enough bolts to install PS430.

CORE SUPPORT MOUNTING KITS

Note: The following core support kits contain all necessary mounts, bolts, and washers for your restoration.

PS435 PS435K	1961-64	PS435 Core Support Mounting Kit - FS (RE) Core Support Shims - FS (RE)	20.00/kit 1.50/ea.

PAINT & UNDERCOATING

PS472

PS471 Chassis Black Paint (1 Qt.) (AP)...... Disc.

Use chassis black paint on frame, rear end, control arms, etc. This charcoal tinted semi-gloss is supplied to us by GM's source.

PS472 3M Rubberized Undercoating, 20 Oz.

Aerosol Can (AP).....\$ 11.00/ea.

The best aerosol undercoating we've found. Excellent for factory undercoated seams (such as inner and outer rear wheelwell seams. transmission hump seams, etc.).

STEERING BOX & BOLTS

PS510

PS510 1969-72 Quick Ratio Steering Box - GP (RP) . 179.00/ea.

This remanufactured steering box is lock to lock 3 turns vs. the originals at 4 turns. Some 1969-72's were equipped with quick ratio boxes originally.

Note: Please add \$7.00 addtional shipping.

3.00/ea.

PS516 1964-77 Steering Box Bolt Washer (GM-RP). \$ 2.00/ea. This washer is a GM replacement. Dimensions are correct, the shape is octagonal instead of round like the originals.

POWER STEERING HOSE

The afterproduct hoses do not have the same configuration as originals.

STEERING COUPLERS

These are the flange assembly couplings that connect the steering box to the steering column. There are many afterproduct versions on the market that are less expensive 2-piece designs. We feel that with such a product, safety is a major concern. Therefore, factory GM couplings are the only replacement we handle.

SECTION SIXTEEN - WHEELS

RALLY II CENTER COMPONENTS

PT101K

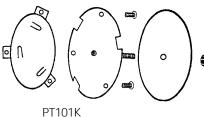

PT103

Now that GM has started discontinuing Rally II center cap components, we have undertaken our own reproduction caps.

These new center caps have been designed to overcome problems associated with the original Rally II retaining clips. The original clips inevitably scratch the freshly painted wheel surface and bend upon installation, many times resulting in a loose fit. This poor fit aids the thieves who constantly steal these caps (even at shows). Each year more customers are paying additional money for afterproduct locking devices to save their investment.

Our new reproduction incorporates a simple yet effective locking arrangement. Now centers can be bolted firmly in place making loose fit, scratching and theft virtually impossible.

PT305		Rally II Charcoal Wheel Paint,	
		5 oz. Aerosol Can (AP)	5.00/ea.
PT307A		Rally II Charcoal Wheel Paint	
		Lacquer, 1 Pt. (AP)	Disc.

For years, controversy has circulated concerning the Rally II charcoal paints available from various vendors.

In an effort to resolve these questions, we have compared an NOS '71 spare wheel and tire with several spares from low mileage originals.

Using these for a color match we now have our own mix (PT307A).

Comments: Absolutely the best we've seen.

PT308J	Rally II and Honeycomb Gray
	Wheel Paint (Enamel), Aerosol Can
	(AP)

PT308J paint is a mix of the original gray used on the back of Rally II and Honeycomb wheels. It is also used between the beads of the inner rim.

PT309 1967-77 14" Rally II Mask Kit (5 Wheels) (RE) **PT311** 1969-77 15" Rally II Mask Kit (5 Wheels) (RE)

The fastest, most sensible way to paint Rally II wheels. Simply sandblast, prime and paint wheels silver. Apply mask kit, tape off perimeter, and paint the center charcoal.

PT401	14 x 6" Pre-Painted Rally II Wheel	
	(RE)\$	95.00/ea.
PT402	14 x 7" Pre-Painted Rally II Wheel	
	(RE)	95.00/ea.
PT403	15 x 7" Pre-Painted Rally II Wheel	
	(RE)	98.00/ea.

New Rally II wheels have just been reproduced. Stamped as original, these powder coated wheels have been safety tested and approved. As with all factory wheels, these reproductions have some degree of irregularities in their stampings.

Please add \$7.00 shipping per wheel.

RALLY II WHEEL SETS

Between 1969 and 1977, many Rally II wheel combinations were available from GM. To help meet your specific needs, create your own Rally II wheel sets by choosing from the various wheels (PT401 - PT403), trim rings (PT111F - PT114P), lug nuts (PT156 - PT160A), and center caps (PT101K - PT106A).

There will be a 15% discount from the retail price of the components that make up the wheel set.

With the 15% discount and the choices available, Rally II wheel sets start as low as \$489.00.

No additional discounts available on wheel sets

Please add \$32.00 shipping for complete wheel sets.

D) // 00	A 11 3 7	w/Storage Bag - GP	
PV120	All Years	Anti-Theft Steel Cable w/Lock	10.00/ea.
		line of car covers offers the ultimate	
		n for your Pontiac's finish. Pre-shrunk	
		tton outer with flannel lining protects	
		t, scratches and dents while allowing	
	moisture	to escape. Of all the car covers we've	

seen to date, these flannel-lined covers far exceed the quality of unlined cotton covers.

Note: These covers are recommended for indoor use only. At the time of catalog printing several patterns for the above years have not been finalized. Please call to see if your year and body style are available.

Please add \$7.00 shipping for car covers.

PV125	1964-70	Technalon Car Cover - Catalina	
		and '64-'68 GP	\$225.00/ea.
PV125A	1964-76	Technalon Car Cover - Bonneville	225.00/ea.
PV126	1971-76	Technalon Car Cover - Catalina	225.00/ea.
PV127	1969-72	Technalon Car Cover - GP	225.00/ea.
PV127A	1973-77	Technalon Car Cover - GP	225.00/ea.

We do not recommend outdoor storage of vehicles; however, when it is necessary, Technalon covers will protect your Pontiac's finish from the elements. They are made from the waterproof "Evolution 4" material which maintains complete breathability. Being one of the thickest covers available, it protects against scratches and minor dents as well.

Please add \$5.00 shipping for car PV125 - PV127A covers.

CAR CARE COMPONENTS

PV130 104+ Octane Boost, 12 Oz. Bottle

8.00/ea.

This product gets rid of low octane knocking and causes no unwanted side effects.

Don't get trapped by high prices in the Pontiac industry. Some suppliers continue to charge unrealistic prices for their products while we here at Ames Performance have tried to keep the lid on price increases.

For ordering or price quotations, please call (800) 421-2637. For questions or odering, call (603) 876-3345 (603) 876-4656

(603) 876-4751

PV133 PV131 Mother's Mag and Aluminum Wheel Polish,

PV133 Mother's 100% Carnauba California Gold

Mother's products have been the favorite of street machine and custom car show fanatics for years.

AFTERMARKET DECALS

QUALITY PONTIAC RESTORATION SUPPLIES AMES PERFORMANCE ENGINEERING 503-875-4614

PV173 Harry the A.P.E. Decal (AP)

2.00/ea.

Harry's ego rears its ugly (and hairy) head with his own decal. Also perfect for your 1/4 window or perhaps the windshield of your buddy's Mopar. Photo shown is 2/3 actual size.

PV176

PV176 "The Heartbeat Stops Here" Decal (AP)...... 5.00/ea.

Vinyl decal is self-adhesive, measures 21/2" x $6^{1/2}$ " and is red and silver.

PV177 "We Build Excitement" Decal 3" x 6" (AP) PV177A "We Build Excitement" Decal 6" x 12" (AP)

Disc. Disc.

These decals when adhered will leave just the outlined die-cut letters. Letters are red and white.

PV178 **PV178** 8" Pontiac Parts Decal (AP) \$ 4.00/ea.

PV178A 10" Authorized Pontiac Indian Head Service Decal (AP).....

6.00/ea.

PLEASE DON'T TOUCH

PV180A PV180 "Please Don't Touch" Window Tag (White) (AP).....

Disc.

PV180A "Please Don't Touch" Window Tag (Black) (AP).....

6.00/pr.

These 5" x 5" plastic tags can be stuck to any window with the small suction cups.

FENDER COVERS

PV180E PV180G

Harry Fender Cover 15.00/ea. Ames Performance Fender Cover.... 15.00/ea.

	These are great battery-operated clocks. Hang them in your shop, garage, den or game room.	

Inquire

Equipped with bold brass hands these clocks have precision quartz movements and keep excellent time.

Note: Batteries not included.

AFTER-PRODUCT ACCESSORY MATS

PV330

	1 \$330	
PV329R	Accessory Mats w/Embroidered Indian Head	
	(4 Pcs.) Daytona Weave (AP)	\$ 115.00/set
PV329T	Accessory Mats w/Embroidered Indian Head	
	(4 Pcs.) Lurex Carpet (AP)	115.00/set
PV330	Accessory Mats w/Embroidered Indian Head	
	(4 Pcs.) 80/20 (AP)	85.00/set

These 4-piece mat sets have a rubber backing with nipples and a carpet face. These mats are available in the same colors as our carpets.

Note: These are a generic mat and do not always fit exact contours of all cars. See PA100-PA123 for exact original-style mats.

DUSTERS

PV333A

PV333A Mini Duster (AP)

These dusters have specially treated cotton fibers that will lift off dust without scratching painted surfaces. Their baked-in paraffin wax fibers will actually work better the dirtier they get. After years of wiping with wet towels and worrying about scratching, we now use the California Car Dusters exclusively.

PV334

PV334 Spot Rot (AP).....\$ 16.00/ea.

We've used these for years and have found them to be extremely useful in discovering body rot and filler. The manual provides instructions for use as well as locations to inspect when purchasing cars.

Note: When inspecting show car quality paint, we place a thin piece of tape over the magnet.

PV335 Musclecards[™] Commemorative Collector's

Collector cards have been a staple of the American sports scene for years. Now muscle car enthusiasts have their own trading cards available. Each card contains full color photos, specs, commentary, etc. Every box contains 288 cards and is guaranteed to contain the full set of 102 of your favorite muscle cars (including GTO, Camaro, GTX, Mustang, 442, Corvette, GS, Chevelle and more).

PV336 Musclecards II[™] Collector's Edition (AP)....... 35.00/box

This second series of Musclecards[™] is now available. Using a new format, these cards complement the very successful first edition. Every box of Musclecards II™ contains 360 cards. There are 90 cards in a set with the added value of 6-10 "King of the Hill II" gold cards and one promo card.

19.00/ea.

10.00/ea.

ENGINE CRADLES

PV340	Pontiac Engine Cradle (AP)\$	89.00/ea.
PV341	Corporate Block Engine Cradle (AP)	89.00/ea.
	These cradles are excellent for storing and	

moving your Pontiac engine blocks or complete engines. Built from square tubing they have 4 casters for maneuverability. Cradles are rated for 900 pounds and are very stable.

PV345 Rear End Dolly (AP)

75.00/ea.

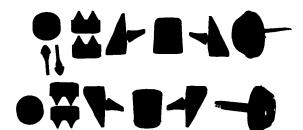

These cradles are excellent for storing or moving rear ends. Built from square tubing they have 4 casters for maneuverability.

TRAILER STRAPS & TIE DOWNS

PV373 PV377 PV381 PV383 PV385	21" Axle Strap-5,000 lb. (AP)	7.00/ea. 8.00/ea. 17.00/ea. 25.00/ea. 27.00/ea. 28.00/ea.
PV387	1" x 12' Ratchet Tie Down-2,000 lb. (AP)	14.00/ea.
PV389	All of these tie down components are made from top quality webbing. Heavy Duty Recessed "D" Ring-5000 lb. (AP)	10.00/ea.

2 DOOR BUMPER STOP KITS

PV401	1955-57	Bumper Stop Kit (RE)	\$ 18.50/kit

SECTION EIGHTEEN - LITERATURE

PW105A

PW107

19.00/ea.

PW105A Ultimate Auto Detailing

by David H. Jacobs, Jr. \$ 20.00/ea.

This book replaces Auto Detailing for Show and Profit with more techniques and supplies. It illustrates professional techniques for making your car look like new again. Chapters include: special tools and cleaners, waxing and buffing, engine compartment detailing, interior finishing and more. 208 pages, 404 photos.

PW107 Car and Driver on Pontiac 1961-75

This book contains 20 reprinted articles from *Car and Driver Magazine*. Included are road tests, technical data and comparisons of

PW109

Am and various Firebirds.

PW110

This book is written with hands-on experience by three California drag racers. It completely explores all facets of high-performance Pontiac engines. The book covers part numbers, casting numbers, and the author's view of best blocks, heads, cams, etc. 100 pages with 82 illustrations. This book deals almost exclusively with performance Pontiac engines.

GTO's, LeMans, Tempests, 2+2, GP, Grand

PW110 Pontiac Muscle Car Performance 1955-79 by Pete McCarthy\$ 29.00/ea.

> This publication is the most definitive work on Pontiac engines and drive trains ever attempted. It contains the information of PW109 plus numbers for all engine components from 1955 to 1979. Pete spent years on this project which also includes histories and documentation of the factory racecars. (224 pages).

Comments: The best.

PW112

PW111 Performance Tuning Pontiacs of the 60's

This book contains articles from various Hot Rod issues pertaining to engine, transmission and suspension modifications. With 100 pages of facts and figures this softbound book is very beneficial to performance-minded enthusiasts.

PW112 Pontiac High-Performance Engine Design & Blueprint Assembly by Craig Hendrickson & Kern Osterstock

> This is another fine book written by drag racers Craig Hendrickson and Kern Osterstock, wellknown for their original work at H-O Racing Specialties; it delves into various modifications to increase power from your Pontiac. They also outline the construction of a full competition engine for street and strip. 96 pages with 31 illustrations.

PONTIAC PEOPLE SHARE IN THE SUCCESS OF AMES PERFORMANCE.

A note about Ames Performance — our goals, our philosophy, our dedication to Pontiacs and Pontiac People. For years Ames Performance has used its promotion budget differently from most companies in the restoration products industry. Most other companies spend their advertising budgets promoting their company through extensive magazine ads. Often much money is spent using expensive color, compensating known personalities, sending miscellaneous mailings, etc.

Ames Performance has felt this form of advertising is necessary but to a limited degree. Instead we allocate a large budget percentage to projects that directly benefit our customers and the image of classic Pontiacs.

Every year we reinvest a significant amount of customer dollars for extensive new product tooling. No other company has spent a fraction of our outlay for new Pontiac products. Our products may be available from other companies but the tooling expense, quality control, and product management originate here at Ames Performance.

A second emphasis involves our customers and how to give something back for your support. First and foremost is low and fair pricing. Many times our daily pricing is lower than sale prices around the industry.

Another important benefit here at Ames Performance is our sales staff. From the beginning, we decided to sell Pontiac parts - only Pontiac parts. This has allowed our sales representatives and technical staff to become the most product knowledgeable team in the country. To further enhance our technical support, we have purchased a large number of restored and original cars for reference. Our entire staff has access to these Pontiacs to help answer the most detailed question.

Several years ago we started our most successful method of rewarding customers with event involvement. Not only do we help sponsor numerous Pontiac club shows and events, we were platinum sponsors of the hospitality suite at the '98 Pontiac Southern Nationals in Dallas, Texas; the principal sponsor for all aspects of the Ames Performance Pontiac Nationals at Norwalk, Ohio; plus sponsors of the hospitality suite (food and beverages) at the GTOAA Nationals. We also hosted a complimentary open house here at our company in conjunction with the 1998 POCI Nationals. We always stipulate that our major promotions must include complimentary benefits for show participants.

Lastly, we are focusing on promoting classic Pontiacs throughout the country. Pontiacs have never received their fair share of publicity or exposure in an arena dominated by Chevy and Ford. Increased awareness of classic Pontiacs benefits everyone from Pontiac Motor Division, collectors and enthusiasts down to high school students noticing our mark for the first time. Promotion money allocated for this purpose includes The American Automotive Heritage Foundation (promotes classic cars in high school shop classes); major sponsorship of the Auto Custom Carpet 1969 Judge Hardtop driven by Jeff Moses (owner of ACC) and Steve Ames on a ten-stop circuit from Los Angeles to Detroit on the "Hot Rod Magazine" Power Tour; being invited to display a 1969 Judge convertible at The Smithsonian Institute in Washington, D.C.; being active in ARMO (Automotive Restoration Market Association) plus having a representative on their select committee; and of course traveling with our truck and vending trailer to swap meets across the country. Personal contact at swap meets has always had top priority at Ames starting in 1976 with a rusty station wagon.

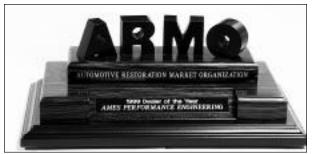

That sums us up — who we are, where we've been and where we're going. The following pages outline some of our activities.

Thank you for requesting our catalog.

Steve Clines

Steve Ames

AMES PERFORMANCE WINS ARMO AWARD

The Ames Performance team recently won the SEMA-ARMO award for "Best Restoration Parts Retailer" in the country. This award is given to the company that has continuously demonstrated exceptional service, integrity and business ethics. We are especially proud to receive this award since it is open to all muscle and classic car retailers involved in the restoration industry

Four ARMO awards were presented at the San Antonio awards banquet in February 1999. L to R: Kurt Strohacker (Eastwood Co.) - Best New Product; Jeff Moses (Auto Custom Carpets) - Best Manufacturer; Steve Ames (Ames Performance) - Best Retailer; Dennis Gage (My Classic Car) - Best Associate Company.

AMES COMMITMENT TO QUALITY REPRODUCTIONS

These new headlight actuator prototypes were cycled hundreds of times before acceptance. Our own reproductions have (APE) designations after the description in our catalog.

Many new products don't need cycling but require extensive micrometer work for exact tolerances. The projects shown here are 8-lug trim rings, center caps and lug nuts.

AMES PERFORMANCE OPEN HOUSE

Besides business tours and car collection tours, there are always food and beverages available for Pontiac lovers.

Hundreds of Pontiac enthusiasts toured the Ames Performance facilities during our last open house.

1999 AMES PERFORMANCE PONTIAC NATIONALS

Out of almost 250 show cars this elite group achieved best of class honors. Winners (L to R): Dick Cash (Best Grand Prix); Pete Rust (Best Open Class); Paula & Doug Bousley (Best Firebird/TA); Betsy & Ron Thomas (Best Fullsize) and Daryl Anderson (Best GTO/Judge-unavailable for photo)

Almost three hundred Pontiac race cars descended on Norwalk for Sunday's eliminations. Winners were (L to R): Steve Silket (Pro); Ron Raiden (Super Pro and King of the Hill) and Dean Martelli (Stock).

On race day, hectic drivers and pit crews were treated to free cold drinks and cookies from the Ames Cool Down Cart.

Everyone in attendance marveled at the last remaining '63 Tempest Super Duty Wagon. Meticulously restored by owner Randy Williams (left) and Scott Tiemann. It was the highlight of the show for Pontiac Motorsports Director Fred Simmons (right).

SMITHSONIAN INSTITUTE'S "SALUTE TO MOTORSPORTS AND AUTOMOTIVE PERFORMANCE."

Approximately thirty cars from across the country were invited to The Smithsonian Institute for their 100 year anniversary celebration of the automobile

On Thursday the anniversary display moved to The Capitol lawn. Here Steve Ames talks politics and Pontiacs with Senator Ben Nighthorse Campbell (R-CO)

HOT ROD MAGAZINE'S "POWER TOUR" WITH OUR MAJOR SPONSORSHIP OF THE AUTO CUSTOM CARPET 1969 JUDGE

The main objective of sponsoring the ACC GTO was to enhance the Pontiac image across the country. At every stop thousands of car enthusiasts were exposed to The Judge (Springfield, II is pictured)

Setting up with the ACC tractor trailer display in Lansing, IL

The new higher speed limits were just what the Judge ordered.

Pulling the trans and clutch fork ball on the side of the road near Chicago was not our favorite part of the trip.

NATION WIDE ROAD SHOWS

We'll be at the following flea markets this year: (Note: Space numbers when shown are in parenthesis)

Springfield, MA Jan.

April Charlotte, NC (D38-46)

Spring Englishtown, NJ (1141-144) Spring Carlisle, PA (P11-15) GTOAA National Convention

June

POCI National Convention July Summer Carlisle, PA (P17-21)

Norwalk, OH Aug.

Fall Englishtown, NJ (J143-146) Sept. Oct.

Fall Carlisle, PA (P14-18)

Stafford Springs, CT

We display products at shows across the country in order to keep personal contact with our customers.
